CONSENT DECREE

I. BACKGROUND

A. The United States of America (“United States”), on behalf of the Administrator of the United States Environmental Protection Agency (“EPA”), filed a complaint in this matter pursuant to Sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (“CERCLA”), 42 U.S.C. §§ 9606 and 9607, seeking injunctive relief regarding cleanup of the Missouri Electric Works Superfund Site (“Site”) and recovery of response costs incurred and to be incurred in responding to the release or threat of release of hazardous substances at or in connection with the Site.

B. As a result of the release or threatened release of hazardous substances, EPA has undertaken response actions at or in connection with the Site under Section 104 of CERCLA, 42 U.S.C. § 9604, and will undertake response actions in the future. In performing these response actions, EPA has incurred and will continue to incur response costs at or in connection with the Site.

C. The response action at the Site has been divided into three components or “operable units.” In July 1990, a Remedial Investigation and Feasibility Study (“RI/FS”) was performed by several Potentially Responsible Parties (“PRPs”) pursuant to an Administrative Order on Consent (“AOC”). Based on the results of the RI/FS, EPA issued a Record of Decision (“ROD”) in September 1990, calling for the excavation and treatment of PCB-contaminated soil at the Site (“Operable Unit 1” or “OU1”). The OU1 soil remedy was completed by a group of PRPs pursuant to a Consent Decree (“CD”) in July 2000. In conjunction with the RI/FS, the PRPs also performed a groundwater design investigation to characterize the rate and extent of contamination in the groundwater at the Site. The groundwater design investigation was

completed in 2005. On September 28, 2005, EPA issued a ROD which presented EPA's selection of a groundwater remedy ("Operable Unit 2" or "OU2"). The third component of the remedy for the Site, ("Operable Unit 3" or "OU3"), will address PCB contamination that has migrated from the MEW Site to a nearby wetland area. EPA will issue a ROD documenting the remedy selected for OU3 after an RI/FS for OU3 has been conducted.

D. EPA has determined the following:

1. prompt settlement with the De Minimis Settling Defendants is practicable and in the public interest within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1);
2. the payment to be made by the De Minimis Settling Defendants under this Consent Decree involves only a minor portion of the response costs at the Site within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1), based upon EPA's estimate that the total response costs incurred and to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund and by other persons is \$11,405,722; and
3. the amount of hazardous substances contributed to the Site by the De Minimis Settling Defendants and the toxic or other hazardous effects of the hazardous substances contributed to the Site by the De Minimis Settling Defendants is minimal in comparison to other hazardous substances at the Site within the meaning of Section 122(g)(1)(A) of CERCLA, 42 U.S.C. § 9622(g)(1)(A). This is because the amount of hazardous substances contributed to the Site by each of the De Minimis Settling Defendants does not exceed seven tenths of one percent (0.7%) of the hazardous substances at the Site, and the hazardous substances contributed by each of the De Minimis Settling Defendants to the Site is not significantly more toxic or of significantly greater hazardous effect than other hazardous substances at the Site.

E. The De Minimis Settling Defendants do not admit any liability to Plaintiff arising out of the transactions or occurrences alleged in the complaint.

F. The United States and the De Minimis Settling Defendants agree that settlement without further litigation and without the admission or adjudication of any issue of fact or law is the most appropriate means of resolving this action with respect to the De Minimis Settling Defendants.

THEREFORE, with the consent of the Parties to this Consent Decree, it is ORDERED, ADJUDGED, and DECREED:

II. JURISDICTION

1. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1345 and 42 U.S.C. § 9613(b), and also has personal jurisdiction over the De Minimis Settling Defendant. The De Minimis Settling Defendants consent to and shall not challenge the terms of this Consent Decree or this Court's jurisdiction to enter and enforce this Consent Decree.

III. PARTIES BOUND

2. This Consent Decree is binding upon the United States and upon the De Minimis Settling Defendants and their successors and assigns. Any change in ownership or corporate or other legal status of a De Minimis Settling Defendant, including but not limited to, any transfer of assets or real or personal property shall in no way alter the De Minimis Settling Defendant's responsibilities under this Consent Decree.

IV. STATEMENT OF PURPOSE

3. By entering into this Consent Decree, the mutual objectives of the Parties are:

a. to reach a final settlement among the Parties with respect to the Site pursuant to Section 122(g) of CERCLA, 42 U.S.C. § 9622(g), that allows the De Minimis Settling Defendants to make a cash payment, including a premium, to resolve their alleged civil liability under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, for injunctive relief with regard to the Site and response costs incurred and to be incurred at or in connection with the Site, thereby reducing litigation relating to the Site;

b. to simplify any remaining administrative and judicial enforcement activities concerning the Site by eliminating the potentially responsible party from further involvement at the Site; and

c. to obtain settlement with the De Minimis Settling Defendants for their fair share of response costs incurred and to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund, and by other persons, and to provide for full and complete contribution protection for the De Minimis Settling Defendants with regard to the Site pursuant to Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5).

10. In consideration of the payment that will be made by a De Minimis Settling Defendant under the terms of this Consent Decree, and except as specifically provided in Section X (Reservations of Rights by United States), the United States covenants not to sue or take administrative action against the De Minimis Settling Defendant pursuant to Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, relating to the Site. With respect to present and future liability, this covenant not to sue shall take effect upon receipt of the De Minimis Settling Defendant's payment as required by Section VI of this Consent Decree. This covenant not to sue is conditioned upon: a) the satisfactory performance by the De Minimis Settling Defendant of all obligations under this Consent Decree; and b) the veracity of the information provided to EPA by the De Minimis Settling Defendant relating to the De Minimis Settling Defendant's involvement with the Site. This covenant not to sue extends only to the De Minimis Settling Defendants and does not extend to any other person.

X. RESERVATIONS OF RIGHTS BY UNITED STATES

11. The United States reserves, and this Consent Decree is without prejudice to, all rights against the De Minimis Settling Defendants with respect to all matters not expressly included within the Covenant Not to Sue by United States in Paragraph 10. Notwithstanding any other provision of this Consent Decree, the United States reserves all rights against the De Minimis Settling Defendants with respect to:

12. Notwithstanding any other provision in this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, the right to institute proceedings against a De Minimis Settling Defendant in this action or in a new action or to issue an administrative order to a De Minimis Settling Defendant seeking to compel the De Minimis Settling Defendant to perform response actions relating to the Site, and/or to reimburse the United States for additional costs of response, if:

- a. information is discovered which indicates that such De Minimis Settling Defendant contributed hazardous substances to the Site in such greater amount or of such greater toxic or other hazardous effects that such De Minimis Settling Defendant no longer qualifies as a *de minimis* party at the Site because the De Minimis Settling Defendant contributed greater than seven tenths of one percent (0.7%) of the hazardous substances at the Site, or contributed hazardous substances which are significantly more toxic or are of significantly greater hazardous effect than other hazardous substances at the Site; or
- b. the presence of PCBs in the alluvium together with any other relevant information indicates that the OU2 remedial response action is not protective of human health or the environment; or

b. any claims arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the Constitution of the State of Missouri, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or at common law; and

c. any claim against the United States pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Site.

Except as provided in Paragraph 15 (Waiver of Claims) and Paragraph 17, these covenants not to sue shall not apply in the event the United States brings a cause of action or issues an order pursuant to the reservations set forth in Paragraph 11 (c) or (d) or Paragraph 12, but only to the extent that the De Minimis Settling Defendant's claims arise from the same response action, response costs, or damages that the United States is seeking pursuant to the applicable reservation.

14. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).

15. XII. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

16. Except as provided in Paragraph 15 (Waiver of Claims) nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Except as provided in Paragraph 15 the United States and the De Minimis Settling Defendants each reserve any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

17. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other relief relating to the Site, the De Minimis Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, *res judicata*, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised in the subsequent proceeding were or should have been brought in the instant action; provided, however, that nothing in this Paragraph affects the enforceability of the covenant not to sue included in Paragraph 11.

18. The Parties agree, and by entering this Consent Decree this Court finds, that the De Minimis Settling Defendants are entitled, as of the date of entry of this Consent Decree, to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. 9613(f)(2) and 9622(g)(5), for “matters addressed” in this Consent Decree. The “matters addressed” in this Consent Decree are all response actions taken or to be taken and all response costs incurred or to be incurred, at or in connection with the Site, by the United States or any other person.

XIII. RETENTION OF JURISDICTION

19. This Court shall retain jurisdiction over this matter for the purpose of interpreting and enforcing the terms of this Consent Decree.

XIV. INTEGRATION

20. This Consent Decree constitutes the final, complete and exclusive agreement and understanding among the Parties with respect to the settlement embodied in this Consent Decree. The United States shall file with the Court any written comments received and the United States' response thereto. The United States reserves the right to withdraw or withhold its consent if comments regarding the Consent Decree disclose facts or considerations which indicate that this Consent Decree is inappropriate, improper or inadequate. The De Minimis Settling Defendants consent to entry of this Consent Decree without further notice, and the United States reserves the right to oppose an attempt by any person to intervene in this civil action.

XVI. EFFECTIVE DATE

22. The effective date of this Consent Decree shall be the date of entry by this Court, following public comment pursuant to Paragraph 21.

24. The De Minimis Settling Defendants hereby agree not to oppose entry of this Consent Decree by this Court or to challenge any provision of this Consent Decree unless the United States has notified the De Minimis Settling Defendants in writing that it no longer supports entry of the Consent Decree.
