MODIFICATION OF SCHEDULE
TO DEFENDANT’S FINAL LONG TERM CSO CONTROL PLAN

Under Paragraph 53(a) of the Consent Decree entered into among the United States of America, the Commonwealth of Massachusetts, and the City of Chicopee (the “Parties”), which was approved by the United States District Court for the District of Massachusetts on September 26, 2006 (Civil Action No. 06-30121-MAP), the Parties request a modification of the schedule in the final Long Term CSO (Combined Sewer Overflow) Control Plan which was incorporated into the Consent Decree.

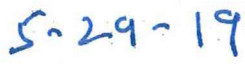

The parties previously agreed to several nonmaterial modifications of interim dates in the Long Term CSO Control Plan schedule for certain CSO projects which did not require Court approval. *See* Paragraph 53 of the Consent Decree. Based on a schedule proposed in the City’s October 2016 Integrated Management Plan, the Parties now seek court approval of a material modification extending the end date for implementation of the final Long Term CSO Control Plan from December 31, 2026 to December 31, 2034. This modification is considered material because it represents a change to the final implementation date in the schedule.

THE UNDERSIGNED PARTIES agree to this modification of the schedule of the Long Term CSO Control Plan in accordance with Paragraph 53 of the Consent Decree in this matter.
