I. BACKGROUND

A. In the United States of America ("United States"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), filed a Complaint against Defendant General Electric Company ("GE"), pursuant to Sections 104 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. §§ 9604 and 9607, as amended ("CERCLA"), seeking reimbursement under § 107 of CERCLA response costs incurred or to be incurred at or in connection with the release or threatened release of hazardous substances at the South Valley CERCLA Site, located in Albuquerque, New Mexico ("Site").

B. The Site consists of approximately one (1) square mile located in the South Valley area of Albuquerque, New Mexico, depicted in the map attached hereto as Appendix 1 ("One Mile Area"), and any area where a hazardous substance released at or from the One Mile Area prior to the date of lodging of this Consent Decree has, as of the date of lodging of this Consent Decree, come to be located.

C. Several industrial facilities are located on the Site, including, an aircraft engine parts manufacturing plant ("Plant 83") currently owned and/or operated by GE, and formerly owned and/or operated by the United States Air Force, the United States Department of Energy ("Settling Federal Agencies"), and others, and facilities currently or formerly owned and/or operated by Chevron, Texaco, ATA Pipeline, Whitfield Tank Lines, Duke City Distributing, Univar Corporation, and others.

D. On or about March 22, 1985 the EPA issued a Record of Decision ("ROD") which

selected an initial remedial measure involving the installation of a water supply well to replace the capacity of an allegedly contaminated well known as San Jose No. 6. Response action undertaken in connection with this ROD became known as Operable Unit (“OU”) 1.

E. On or about September 30, 1988 EPA issued a ROD which selected a remedial action which included cleaning and sealing abandoned wells and groundwater monitoring. Response action undertaken in connection with this ROD became known as OU 2.

F. On or about September 30, 1988 EPA issued another ROD which selected remedial action at and in the vicinity of Plant 83, including further characterization of alleged soil and ground water contamination, soil vapor extraction, pumping, treating and monitoring of groundwater. Response action undertaken in connection with this ROD became known as OU-5 (soil and shallow groundwater), and OU-6 (deep groundwater).

G. On or about June 17, 1989 EPA issued two separate administrative orders to GE pursuant to § 106 of CERCLA, 42 U.S.C. § 9606. One administrative order directed GE to perform work required by the OU-2 ROD. (“OU 2 AO”). The other administrative order directed GE to perform work required by the OU-5/6 ROD (“OU 5/6 AO”).

H. General Electric and contractors retained by GE have performed and are continuing to perform work at the Site required by the OU-2 AO and the OU-5/6 AO.

I. The EPA has incurred response costs, including without limitation: The costs of EPA’s investigation of the Site; the costs of overseeing work performed at the Site by GE and contractors retained by GE required by the OU-2 AO and the OU-5/6 AO; and the costs of installing wells, including Burton Well No. 4. The EPA is continuing to incur response costs at

the Site, including costs of oversight of continuing groundwater pumping, treating and monitoring by GE and its contractors.

J. In a Settlement Agreement executed on or about September 26, 1990, GE and the Settling Federal Agencies agreed that the Settling Federal Agencies would pay 91%, and GE would pay 9% of the costs of performing the work required by the OU-2 and OU-5/6 AOs and of EPA's past response costs and EPA's oversight costs for OU-2 and OU-5/6, to the extent that such costs are paid by GE pursuant to any judicial order to which GE is subjected.

K. The EPA alleges that it has to date incurred response costs (including oversight costs) of more than \$8 million in connection with OUs 1, 2, 5 and 6. EPA further alleges that it will continue to incur additional response costs in the future, primarily in the nature of oversight costs for the identified OUs.

L. The Parties to this Decree desire to enter into this Decree to settle, except as specifically provided in this Consent Decree: (a) the United States' claims against GE for past and future response costs (including oversight costs) incurred and to be incurred by EPA and the United States Justice Department in connection with the Site, and (b) GE's claims under the September 26, 1990 Settlement Agreement against the Settling Federal Agencies for reimbursement in connection with such claims by the United States against GE.

M. The Settling Federal Agencies do not admit any liability arising out of the transactions or occurrences alleged in any counter-claim or cross-claim asserted by GE.

N. General Electric and the United States, on behalf of EPA and the Settling Federal Agencies, agree, and this Court by entering this Consent Decree finds, that this Consent Decree

has been negotiated by the Parties in good faith, that settlement of this matter will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Decree, it is ORDERED, ADJUDGED, AND DECREED:

IX. COVENANTS BY PLAINTIFF

28. Covenant Not to Sue Settling Defendant by United States. Except as specifically provided in Section X (Reservation of Rights), the United States covenants not to sue or to take administrative action against Settling Defendant pursuant to Sections 107(a) of CERCLA, 42 U.S.C. § 9607(a) for Past Response Costs and Future Response Costs. With respect to Past Response Costs, this covenant not to sue shall take effect upon receipt by EPA of the payment required of Settling Defendant by Section VII (Payment of Response Costs) unless such payment under Section VII is made late, in which case the covenant not to sue shall take effect upon

receipt by EPA of any amount due from Settling Defendant under Section VIII (Failure to Comply with Consent Decree). With respect to Future Response Costs, this covenant not to sue shall take effect upon Certification of Completion of the Remedial Action by EPA. This covenant not to sue is conditioned upon the satisfactory performance by Settling Defendant of its obligations under this Consent Decree. With respect to Future Response Costs, this covenant not to sue is also conditioned on Settling Defendant's continued performance and completion of all remaining work required by the OU-2 and OU 5/6 AOs. This covenant not to sue extends only to Settling Defendant and does not extend to any other person. The United States shall not at any time file an action under Section 107(a) of CERCLA to require Settling Defendant to pay amounts in reimbursement of Past Response Costs in excess of the \$ 257,670 to be paid by Settling Defendant pursuant to Paragraph 15 of this Consent Decree, unless Settling Defendant fails to comply with its obligations under Sections VII and VIII of this Consent Decree. The United States shall not at any time file an action under Section 107 of CERCLA to require Settling Defendant to pay amounts in reimbursement of Future Response Costs in excess of the \$ 71,715.00 to be paid by Settling Defendant pursuant to Paragraph 15 of this Consent Decree, unless grounds for invoking one of the Reservations of Rights Set Forth in Section IX exist, Settling Defendant fails to continue and complete performance of all work required by the OU-2 and OU-5/6 AOs, or Settling Defendant fails to comply with its obligations under this Consent Decree.

29. Covenant for Settling Federal Agencies by EPA. Except as specifically provided in Section X (Reservation of Rights), EPA covenants not to take administrative action against

Settling Federal Agencies pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), for recovery of Past Response Costs and Future Response Costs. With respect to Past Response Costs, this covenant shall take effect upon receipt by EPA of all payments required on behalf of Settling Federal Agencies by Section VII (Payment of Response Costs). With respect to Future Response Costs, this covenant not to sue shall take effect upon EPA's Certification of Completion of the work required by the OU-2 AO and OU-5/6 AO (including operation and maintenance). This covenant is conditioned upon the satisfactory performance by Settling Federal Agencies of their obligations under this Consent Decree. This covenant extends only to Settling Federal Agencies and does not extend to any other person.

X. RESERVATION OF RIGHTS

30. Pre-Certification Reservation of Rights Regarding Previously Unknown Conditions and Information. Notwithstanding any other provision of this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, the right to institute proceedings in this action or in a new action, or to issue an administrative order seeking to compel Settling Defendant, and EPA reserves the right to issue an administrative order seeking to compel the Settling Federal Agencies (1) to perform further response actions relating to the Site or (2) to reimburse the United States for additional Future Response Costs if prior to Certification of Completion of the Remedial Action:

- (I) conditions at the Site, previously unknown to EPA, are discovered, or
 - (ii) information, previously unknown to EPA, is received, in whole or in part,
- and these previously unknown conditions or this information together with other relevant

information indicate that the response action conducted pursuant to the OU1 ROD, OU-2 ROD, and/or OU 5/6 RODs is not protective of human health or the environment.

31. For purposes of Paragraph 30, the information and the conditions known to EPA shall include only that information and those conditions known to EPA as of the date of lodging of this Decree and set forth in one of the RODs for the Site, dated on or about March 22, 1985, June 1988, and September 30, 1988 (two separate RODs), the administrative record supporting the RODs for the Site, and/or one or more of the documents listed in Appendix 2 attached hereto which are submitted to EPA prior to the lodging of this Consent Decree.

32. Post-Certification Reservation of Rights Regarding Previously Unknown Conditions and Information. Notwithstanding any other provision of this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, the right to institute proceedings in this action or in a new action, or to issue an administrative order seeking to compel the Settling Defendant and EPA reserves the right to issue an administrative order seeking to compel the Settling Federal Agencies (1) to perform further response actions relating to the Site or (2) to reimburse the United States for additional Future Response Costs if, subsequent to Certification of Completion of the Remedial Action:

(I) conditions at the Site, previously unknown to EPA, are discovered, or

(ii) information, previously unknown to EPA, is received, in whole or in part,

and these previously unknown conditions or information together with any other relevant information indicate that the response action conducted pursuant to the OU-1, OU-2 and/or OU 5/6 RODs is not protective of human health or the environment.

33. For purposes of Paragraph 32, the information and the conditions known to EPA shall include only that information and those conditions known to EPA as of the date of Certification of Completion of the Remedial Action, and set forth in one of the RODs for the Site, dated on or about March 22, 1985, June 1988, and September 30, 1988 (two separate RODs), the administrative record supporting the RODs for the Site, and/or one or more of the documents listed in Appendix 2 attached hereto, which are submitted to EPA prior to the Certification of Completion of the Remedial Action.

34. General Reservations of Rights. The covenants set forth above do not pertain to any matters other than those specified in Paragraphs 28 and 29. The United States reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendant, and EPA reserves, and this Consent Decree is without prejudice to, all rights against the Settling Federal Agencies, with respect to all other matters, including but not limited to, the following:

- a. liability for failure of Settling Defendant or Settling Federal Agencies to meet a requirement of this Decree;

The continued migration of hazardous substances in soil or ground water

within the boundaries of the Site, which hazardous substances were originally released or disposed of at or from the One Mile Area prior to lodging of this Consent Decree, does not constitute a disposal, release or threat of release after lodging of this Consent Decree for purposes of this subparagraph only;

e. liability arising from the past, present, or future disposal, release or threat of release of a hazardous substance, pollutant, or contaminant outside of the Site.

**XI. COVENANTS NOT TO SUE BY SETTLING DEFENDANT

Part 300).

XII. RESERVATION OF RIGHTS BY SETTLING DEFENDANT

Notwithstanding any other provision of this Consent Decree, Settling Defendant reserves, and this Consent Decree is without prejudice to any claim or demand which Settling Defendant may have against Settling Federal Agencies under CERCLA, the September 26, 1990 Settlement Agreement, any addenda thereto, other contracts or leases, or other applicable laws or legal theories, for full or partial payment, reimbursement, contribution and indemnity for (including defense from) any costs, liabilities or damages, other than Past Response Costs and Future Response Costs.

b. Notwithstanding any other provision of this Consent Decree, Settling Defendant reserves, and this Consent Decree is without prejudice to, any claim or demand by Settling Defendant against Settling Federal Agencies or EPA for costs incurred as a result of the United States, pursuant to Paragraphs 30-33 of the Consent Decree, instituting proceedings in this action or a new action or issuing an administrative order seeking to compel Settling Defendant to perform further response actions relating to the Site or to reimburse the United States for additional Future Response Costs.

38. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or

40 C.F.R. 300.700(d).

XIII. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

39. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. The preceding sentence shall not be construed to waive or nullify any rights that any person not a signatory to this Decree may have under applicable law. Each of the Parties expressly reserves any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

40. The Parties agree, and by entering this Consent Decree this Court finds, that Settling Defendant and Settling Federal Agencies are entitled, as of the effective date of this Consent Decree, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), for "matters addressed" in this Consent Decree. The "matters addressed" in this Consent Decree are Past Response Costs and Future Response Costs.

41. Settling Defendant agrees that, with respect to any suit or claim for contribution brought by it for matters related to this Consent Decree, it will notify EPA and DOJ in writing no later than 10 days after filing of such suit or claim. Settling Defendant also agrees that, with respect to any suit or claim for contribution brought against it for matters related to this Consent Decree, it will notify EPA and DOJ in writing within 10 days of service of the complaint or claim upon it. In addition, Settling Defendant shall notify EPA and DOJ within 10 days of service or receipt of any Motion for Summary Judgment, and within 10 days of receipt of any

order from a court setting a case for trial, for suits or claims for which notice is required by this Paragraph. Notwithstanding the notice requirements of the preceding three sentences, this Paragraph shall not require GE to provide EPA or DOJ notice of any suits or claims for contribution or indemnity brought in the consolidated federal court litigation in State of New Mexico, et al. v. General Electric Company, et al., District of New Mexico, Case Nos. CIV 99-1118 and CIV 99-1254 BSJ/KBM (consolidated).

42. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the Covenants by Plaintiff set forth in Section IX.

XIV. RETENTION OF RECORDS

43. Until 10 years after Settling Defendant's receipt of EPA's Certification of Completion of the work required by the OU-2 AO and the OU-5/6 AO (including operation and maintenance), Settling Defendant shall preserve and retain all documents or information now in its possession or control, or which come into its possession or control, that relate in any manner to response actions taken at the Site or the liability of any person for response actions or response costs at or in connection with the Site, regardless of any corporate retention policy to

the contrary.

44. After the conclusion of the document retention period in the preceding paragraph, Settling Defendant shall notify EPA and DOJ at least 90 days prior to the destruction of any such documents, and, upon request by EPA or DOJ, Settling Defendant shall deliver any such nonprivileged documents to EPA. Settling Defendant may assert that certain documents are privileged under the attorney-client privilege or any other privilege recognized by federal law. If Settling Defendant asserts such a privilege, it shall provide Plaintiff with the following: 1) the title of the document; 2) the date of the document; 3) the name and title of the author of the document; 4) the name and title of each addressee and recipient; 5) a description of the subject of the document; and 6) the privilege asserted. However, no documents or information created or generated pursuant to the requirements of this or any other consent decree with the United States shall be withheld on the grounds that they are privileged. If a claim of privilege applies only to a portion of a document, the document shall be provided to Plaintiff in redacted form to mask the privileged portion only. Settling Defendant shall retain all documents that it claims to be privileged until the United States has had a reasonable opportunity to dispute the privilege claim and any such dispute has been resolved in the Settling Defendant's favor.

45. By signing this Consent Decree, Settling Defendant certifies that, to the best of its knowledge and belief, it has fully complied with any and all EPA requests for information regarding the Site pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e).

46. The United States acknowledges that each Settling Federal Agency (1) is subject to

all applicable Federal record retention laws, regulations, and policies; and (2) has fully complied with any and all EPA requests for information pursuant to Section 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e).

XV. NOTICES AND SUBMISSIONS

47. Whenever, under the terms of this Consent Decree, notice is required to be given or a document is required to be sent by one party to another, it shall be directed to the individuals at the addresses specified below, unless those individuals or their successors give notice of a change to the other Parties in writing. Written notice as specified herein shall constitute complete satisfaction of any written notice requirement of the Consent Decree with respect to the United States, EPA, DOJ, Settling Federal Agencies, and Settling Defendant, respectively.
